

Accuracy Finishing

...plus
**Spectacular
Speed and
4-up Format!**

*Introducing the new
KODAK APPROVAL™ XP4
digital color imager from
Kodak Polychrome Graphics.*

Dot to dot, proof to proof, proof to print, no system is more accurate or more consistent in delivering a precise digital halftone proof than the new Kodak Approval XP4 digital color imager. Job after job, day in and day out, what you want is what you keep getting. The Kodak Approval XP4 is today's ultimate digital color proofing system, the single best predictor of the printed sheet.

Cut your risks of press down-time, delayed press schedules, in-line compromises and a lot of the other expensive hassles you face daily. You should also see your productivity skyrocket. At more than 16 pages per hour, the Kodak Approval XP4 with the new 4-up format is the fastest system available. And, as an automated roll-fed system, it can run literally unattended shifts.

Want more proof? Contact your Kodak Polychrome Graphics representative, visit us on the Web at: www.kpgraphics.com or call 1.800.242.2424, ext. 724.
