#### YSNORE> Anti-Snoring Nasal Spray 20 ml

Ysnore treats the cause of snoring rather than the effect of snoring. Ysnore works by increasing air flow through the nasal valves, relieving congestion and improving breathing. By not breathing through your mouth, there is no air intake to cause vibration of the soft palate (uvula). Ginger root has a long history of use as a botanical with anti-inflammatory properties. Ysnore may not work for everybody, and results vary by individual. 20 ml
